Pipers Win From Snyder 40 to 19

Unbeaten Pipers Rated Underdogs in Game With Colorado City Wolves Friday Night

Unbeaten and untied in seven games, Hamlin's Pied Pipers were preparing this week to face one of the crucial games of the year, when they go to Colorado City to meet the once-defeated Wolves.

The Pipers met their fourth district foe last Friday night on Piper field, and won by a score of 40 to 19. The locals played the Snyder Tigers in last week's game.

Following the Colorado City scrap the Hamlin players will have only one more game before end of the season. They are slated to play the Rotan Yellowhammers, defending champions of 6-A west half. The game will be played at Rotan the afternoon of Friday, November 11. Game time has been set back to 2 o'clock.

Friday night's game at Colorado City will get underway at 7:30 instead of 8, as heretofore, Coach Red Burditt said this week.

In last week's win the Pipers held the visitors scoreless for the first half, which ended with the tally of 20 to 0.

Only one penalty was assessed during the entire game, a 5-yard set-back for the Pipers for delaying the game.

Hamlin scored two touchdowns in the first quarter. The first one came on a pass from Joe Allen Dean to

Don Rowland, who planged the ball across the goal line.

Dean's toe accounted for the extra point to set the score 7 to 0.

Minutes later the Pipers raised the tally when Donald "Sugar" Green went over from the 2-yard

RIDES AVAILABLE

Rides to the football game at Colorado City Friday evening are available, and those without means of transportation may inquire at any of the three Hamlin drug stores. Drivers who will have room for one or more passengers are asked to register at the drug stores to give those without cars a chance to see the game.

One for pay. The third counter was also scored by Green, who went around the end for six yards to the center.

One of the most thrilling plays of the evening came on the kickoff that opened the third quarter. Green took the ball on Hamlin's 17-yard line and raved down the field for 83 yards for a touchdown. Dean followed shortly afterward with a 60-yard run that ended in a touchdown.

Hamlin's final score came on a pass from Dean to Goodgame which resulted in a gain of 61 yards and a counter.

Three conversions were credited to Dean, and V. T. Stapler was credited with one.

Snyder's first score came in the third when Max Coffee, 120-pound half, showed the ball across after a series of plunges had placed it in Hamlin's 2-yard stripe.

Franklin Wood, fullback for the Tigers, raved 70 yards down the field, setting up the Piper attack, to place the ball across for the visitors' second touchdown.

In the closing minutes of the game Wood again found pay when he carried the ball over from 20 yards.

Hamlin's second string players saw considerable action in the Snyder game, and throughout most of the second half a number of substitutes were on the field. Burditt re-lined the first-string men to play only after the Tigers threatened a mounting tally.

Hamlin made 12 first downs to 10 for the Tigers; the Pipers gained 361 yards to 271 for Snyder.

Celebrants of Hallowe'en do Damage in City

Hamlin's youth, celebrating the annual Hallowe'en tradition, did considerable damage to property in the city, J. H. Foster, city marshal, said Tuesday.

Not only were most downtown windows given liberal treatment with soap, but some automobiles parked on Central Avenue and side streets, were mared up. The soap marks will not come off the finish on automobiles, Foster said. Other motorists found deflated tires on their cars after pranksters had let the air out of them.

Several windows in Hamlin were broken by air guns during the evening's revelry. Foster said, and outside hydrants were turned on full force at some homes.

The marshal warned that this type of celebration will not be tolerated in Hamlin again.

"We don't mind the kids having fun on Hallowe'en," he said, "but when it comes to destruction of property, that is going entirely too far."

The marshal said he will ask the council to commission a number of plainclothes officers to serve next Hallowe'en and that all those who persist in destructive "fun" will be arrested.

AUTO CATCHES FIRE

An automobile owned by Clarence Johnson caught fire from a short in the wiring last Friday evening, shortly after the football game, and caused a run of the fire department. The car was on West Lake Drive when the fire started. Little damage was done.

Cornerstone Ceremony Marks U.N. Day

United Nations Day—24 October—was celebrated this year by delegates and staff members of U.N., with a cornerstone ceremony for the world organization's permanent headquarters (above), now under construction in New York City. Scheduled as principal participants in the ceremony—marking U.N.'s fourth "birthday"—were President Harry S. Truman of the United States (upper right insert) and U.N. Secretary-General Trygve Lie (lower right insert).

Voters of State to Face Decisions On Amendments in Balloting Tuesday

Texas voters will be faced with the problem of determining whether to add 10 amendments to the state constitution, when they go to the polls next Tuesday, November 2.

The vote was ordered by the last session of the state legislature, after the amendments were discussed in both houses of the law-making department.

Many voters, it has been said, are not informed on the proposals offered for their consideration, and

Senate Joint Rider No. 4 would provide for the use of women on juries in Texas courts. If approved women would be subject to call and selection on juries the same as men.

S. J. R. No. 5 would authorize the legislature to provide for creation and establishment of rural fire protection districts, upon a favorable vote of the people in the district. The districts would be financed by a bond levy against the affected area.

H. J. R. No. 5 would authorize the legislature to provide for the establishment of health units, and authorize a tax to support the units.

H. J. R. No. 38 would provide for a system of retirement pensions for appointive officers and employees of counties, provided counties shall vote on creating the pension funds.

Provision for the waiver of juries in lunacy hearings is made in H. J. R. 22, which would grant that the right of hearing in such cases shall be the same as in other civil cases.

H. J. R. No. 22 would provide that the judge of any district court could be authorized to take care of non-trial legal matters outside of the county of origin, if necessary.

McMurry Band Concert to Open Drive For Funds to Purchase Band Uniforms

A concert by the famed M. Murry College band, of Abilene, will open a drive in Hamlin for \$2,500 with which to purchase uniforms for the High School band, Walter P. Chalcraft, band director, said this week.

The concert will be given at 8:00 p. m., and will include comedy acts, novelty numbers, vocal selections and band music, Chalcraft said.

Raymond T. Bynum, director of the music organization, will be in charge of the concert.

Chalcraft, a graduate of McMurry, played as a member of the band for three years.

The drive for funds with which to purchase uniforms is expected to be completed within a short period of time, Chalcraft said. He expressed the hope that sufficient money will be taken in at the concert to enable the remainder to be raised without difficulty.

Uniforms will cost approximately \$55 to \$60, the band director said Tuesday, and the band has 47 members.

Tickets for the concert will be on

It's Our Birthday . . . No Presents, Please

The Hamlin Herald was 45 years old this week marks the beginning of 45 years of service to residents of this area.

Founded in 1905, the Herald is the only paper in Jones County still operating under its original name. It was founded by Pierce and Powers, who later sold out to a man named Watford. He operated a few years and sold to a man named Norwood. Bower Pope bought The Herald in 1914 and operated it until 1945 when he sold the paper to Willard Jones, who with his associates, is the present owner.

Street Marker Committee Asks To Be Relieved

With a statement that work of the committee has been completed, B. V. Newberry, chairman of the street marker committee, said Wednesday he believed the group should be relieved from further duty on the project.

"We have bought the markers and the uprisings for putting them up," he said, "and they are paid for. We have sold most of the house numbers, and all that remains to do is to put up the markers. We believe it is time some other committee took over the task for completion."

Meanwhile Pat Marlow, president of the Rotary Club, and A. G. Irwin, president of the Lions Club, agreed to take up the task of getting the markers put up.

Irwin has also been given all unsold numbers, together with receipts, and persons who do not yet have numbers for their houses are asked to call at Irwin Motor Co. and get them. Committees have made trips to each of the houses, but in many instances the residents were not at home.

Irwin said it is urgent that those whose houses do not yet have numbers get them and have them put up.

An inspector from the post office department will come here as soon as the street markers are erected, and pass final judgement on Hamlin's readiness for city mail delivery.

Delivery cannot be inaugurated until the street names have been put in place. Perry Sparks, post master, said.

McCoy Sells Shop; to Make Home in Denver

D. A. McCoy, who has operated the McCoy Upholstery shop in Hamlin for the past several months, announced sale of the business this week, and said he is moving to Denver, Colo., where he has accepted a job.

The business was sold to a Wichita, Falls firm, which is moving there.

McCoy was in the service station business here before he opened his upholstery shop. He has lived in Hamlin most of his life.

Parade to Open Armistice Fete

Judge Roger Q. Garrett to Be Speaker in Annual Observance Here; Public Invited

A gigantic parade down Central Avenue will open observance of Armistice Day in Hamlin next Friday, November 11. C. W. Gold, commander of the Veterans of Foreign Wars, Post 6014, said this week.

All former service men and women, whether members of a veterans organization or not, are invited to join in the parade. Gold said. He urged those who have them to wear their uniforms for the occasion, but said if they do not have uniforms they are invited to parade anyway.

The parade will wind down Central and turn right to the High School auditorium, where memorial

FLAGS FOR SALE

A supply of American flags is on hand in the Chamber of Commerce office, Mrs. E. M. Wilson, secretary, said this week. She said all business houses will be asked to display the flags on Friday, November 11, in honor of Armistice Day. Those who need flags are asked to call 67. They are sold to business firms at wholesale cost.

Wells Cauged in Round Top Field; Wildcat Staked

Official gauge of 528 barrels of 42.2 gravity oil in 24 hours has been filed by General Crude Oil Company on the No. 6 M. Flores, et al., in the Round Top area west of Hamlin.

The well flowed from open hole at 4,595-4,780 feet through quarter-inch choke.

A gauge of 311.92 barrels of 42 gravity oil in 24 hours has been filed by Round Top Crude Oil Company, for the Sterling Oil and Gas Company No. 8, 10 miles west of Hamlin. Flow was from open hole at 4,781-4,839 feet.

A north offset to the Gunsight discovery well south of Hamlin, was being completed this week by Ungren and Frazier as the No. 1 E. E. Barnsworth.

On a drillstem test taken from 3,161-3 feet, gas came to the surface in six and one-half minutes and oil flowed in 14 minutes at the rate of 20 barrels an hour.

Geochemical Surveys, et al., will drill a semi-wildcat, the No. 1 A. S. Brown et al., in the Round Top area northeast of Royston.

The well is located on acreage taken from the Texas Company. Its location is 1,638 feet from the west, and 370 feet from the north lines of section 8, block R. W. E. Richardson survey.

Permit calls for 5,000 feet with rotary tools.

FFA Chapter Makes \$233 Pulling Bolls

Hamlin's chapter of Future Farmers of America made \$233.34 in five hours of work Monday afternoon, when members and advisors tool cotton sacks and pulled bolls.

Led by T. C. Blankenship and Harold Eades, sponsors, 47 members of the organization harvested 9,700 pounds during the brief period. The work was done on the farm of L. H. McBride, near Hamlin.

Raymond Scifres, with 140 pounds won a \$5 prize; Hub Hopper, with 380, was awarded \$3; and Franklin Willis, with 372 pounds, won \$2.

The money was put into the club treasury and will be used for an educational trip next year.

Expression Pupils in Rotary Program

Pupils of Mrs. Robert Gardner's expression class gave a program at the Wednesday noon luncheon meeting of the Hamlin Rotary Club.

Mrs. Gardner, also, gave a reading. Pupils on the program were Rebecca Ann Ferguson, Jerry Carlton, Judith Kay Ford and Mary Margaret Maberry.

Mrs. J. W. Ezell and Mrs. E. A. Woods returned to Hamlin Wednesday from Rochester, Minnesota, where Mrs. Ezell has been under treatment in Mayo Clinic.

Mr. and Mrs. Holly Toler and son attended the McMurry-Austin football game in Marshall last Saturday.

services will be conducted at 11 a. m. Roger Q. Garrett, Jones County judge, will be principal speaker for the program. Garrett served in World War II and is active in veterans affairs.

Rev. Howard Smith, pastor of the Church of the Nazarene will give the invocation for the memorial service. Preceding the invocation the audience will join in singing the Star Spangled Banner.

Gold said the service will be dismissed in time to give people an opportunity to drive to Rotan for the football game, which will get underway at 2:30 p. m.

Leading the parade Friday morning will be the High School band, members of the Pied Piper pep squad, and officials of both the local American Legion and VFW posts.

The Legion and VFW are cooperating in planning for the annual observance.

Rowland Is Rated Top Scorer and Ground Gainer

Brad Rowland, former Pied Piper wrestler, and star halfback on the McMurry College Indians, has passed the 1,000 yard mark in ball carrying, and was rated as the nation's leading scorer by the Associated Press this week.

Rowland in seven games has made 1,053 yards in 117 tries, for an average of nine yards for each effort.

Floyd Sampson, McMurry fullback, also a Jones Countian from Anson, was second in Texas conference for gains, with 622 yards in 105 runs.

Rowland is also first in total offense, punting and scoring. He has gained 1,325 yards on 141 plays with 272 yards passing.

Al Langford of Howard Payne is second. Langford is first in passing with 983 yards on 66 completions in 144 throws in eight games.

Rowland's punting average is 13.5 yards on 27 kicks. He tops the nation in having scored 96 points during the season.

Rowland is the son of Mr. and Mrs. Brad Rowland of Hamlin. He is a junior in McMurry College.

F&M National Bank Hires Westmoreland

Gene Westmoreland, son of Mr. and Mrs. J. P. Westmoreland of Neinda, has been employed by the Farmers & Merchants National Bank it was announced this week by Tate May, president.

Westmoreland graduated from Hamlin High School last year, and since that time has been employed at several business houses.

He will begin his banking career as an apprentice bookkeeper, May said.

Lester Morton, above, who for the past four years has been a teller in the Farmers & Merchants National Bank in Hamlin, will go to Abilene November 14, to accept a position as auditor in the First National Bank. Mr. and Mrs. Morton will make their home in Abilene. Morton is a veteran of World War II.

Hamlin Gins Handle 4,795 Bales Cotton

Hamlin's two gins had turned out 4,795 bales of cotton prior to Thursday of this week, and the trucks, wagons and trailers were still rolling in an endless procession.

One gin reported 125 bales standing on the yard, 75 in the cotton warehouses, and the gin working 24 hours a day in an effort to keep abreast of the fleecy flood. The other gin reported from 100 to 125 bales on the yard at all times.

Neither of the gins has been caught up with ginning since Sunday.

Estimates varied on how much of the year's crop has been harvested. One estimate said 40 per cent has been gathered and another said 50 per cent. Some cotton farmers put the figure as low as 35 per cent.

Mrs. Wilcox Thinks She Has Set Record

Mrs. Sam Wilcox believes she is the champion boll puller among the women of this section.

She set a record of 800 pounds of cotton when she worked on the Baker farm, north of Hamlin this week. She said she would like to hear from any woman who has a better record for one day.

will be corrected, gladly and promptly, upon being
brought to the attention of the management.

Let's Buy the Uniforms

Everybody from Hamlin who attended last week's football game will agree that the Hamlin High School band ought to be outfitted with suitable uniforms. When the local musicians were marching on the field simultaneously with the Snyder band, the contrast was humiliating.

The Hamlin band, under the direction of Walter Chalcraft, has made remarkable progress in the short time it has been in existence. It is a safe bet that the band will have been rounded into a creditable musical organization ere another football season rolls around.

But, although it sounds like a band and acts like a band, it certainly does not look like a band. Dressed in the varied garments selected by each of the members, our musicians look like a group of youngsters recruited from any main street in the state.

Hamlin citizens ought to be proud of the progress made by these youngsters in only a few short weeks of practice. Let's show that pride in a practical way by bedecking the band in snappy uniforms befitting a city of Hamlin's size.

Whether you attend the McMurry concert next Tuesday night, or whether you prefer to go somewhere else, why not jar yourself loose from a dollar or two to help dress up these eager boys and girls? It will be an investment that will return many dividends.

Don't Forget to Vote

If you are eligible to cast a vote in Jones County, then you should by all means make definite plans to exercise that right next Tuesday when ten proposed amendments to the state constitution will face the voters.

Perhaps you do not fully understand the full import of each and every one of the bills to be voted on, but no doubt, neither

did members of the legislature who submitted them to you.

The amending of a basic law of our state is a serious matter and should require study and serious consideration. And by all means it should draw forth to the polls every individual who is legally qualified to cast a ballot.

If you don't understand the bills get a copy of them and study them. Then, after you have considered the possible effects of each of them, make up your mind and go vote.

The right to vote is a precious one, and one of the few remaining to once-proud Americans. Don't ever neglect that right, or it, too, may be taken away from us.

When An Oil Well Comes In

Every devotee of the movies has seen scenes depicting the bringing in of an oil well. The gusher arrives with a bang, the crew runs for safety, the countryside is swiftly flooded with the black gold, and crowds of spectators cheer themselves hoarse.

It used to be that way. But it isn't any more. Under present-day techniques, producers capture the crude oil the moment a well comes in, and thus prevent loss.

Our oil reserves are now at an all-time high, despite huge consumption of oil, and two reasons primarily account for that. First of all, aggressive exploration has located more and more underground supplies. Second, better producing and refining methods have greatly increased the volume of usable oil products that can be gained from each barrel of crude. A use has been found even for the dregs and scrapings from the inside of the giant cat crackers. And now even the smoke is being reclaimed—a chemical firm is processing the gases from an oil refinery and is extracting as much as 50 tons of sulphur a day from them!

PETE'S CELEBRATION OF HALLOWEEN PROVES TO BE PAINFUL EXPERIENCE; HE GETS WHALED

scuddyho, tecksas
novimbar 2, 1949

mr. hamlin harold,
hamlin, tecksas
deer mistar harold:

well hallowean has cum and gone in this naberhood and it shore wood haiv bin lots of fun if it hadint ternt out the way it dun. but evin whut fun i had wuz fergot the neckst mornin whin paw had dun and whailed the tar out of me fer doin whut i dident do.

me and sweebie, him havin ast to spind the nite with me, slipt out rite aftir suppur and thare wuz lots of thangs we wuntid to do.

last stattiday we lookt ovar yore sitty and we sean lots of thim littel houses that peepil has back of whur thay live, and we thawt, "o boy, we can turn thim ovar to our harts contint." so we cawt a ride into town and wint to wurk. rite away i sean we had maid a mistaik.

sweebie, him bein big and fat and kinda lazy, got behint the furst one instid of in frunt of it, like i wuz doin. well him bein the hevviest he pusht the hardist and he turnt that thang ovar rite on top of me. i reckin i wood haiv bin squeeze cleer to deth if that thare dore hadint swung inwerd insted of outwerd. ennyway the neckst thang i noed i wuz inside of that littel house and it was pusht ovar on its dore. i wuz trapt.

i gess sweebie mustuva thawt of sump-thang elts he wuntid to do becaws about that time he left. i pusht and pusht and

shuvud tryin to lift it, but thare wuzent no use. finely i sean the moonlite a shinin thre a cuppel of big hoals at one end of it, and i sed to myself, i sed "pete this is yore chanst. thim is big anuff fer you to crawl threwh." wich i startid to do.

well i had fergot abowt thim appils me and sweebie had swipt, and i had thim in my back pockits. and durned if thay dident maik my pockits to big to git threwh. i startid to back ouot, but i coodint get my head and showldirs back in, and thare i wuz, hung up and in pritty bad shaip.

evin that woodint haiv bin so bad if a bunch of smart alek boys hadint cum along and saw me. one of thim sed "there's a munkey in a hoal let's us chunk him," wich thay dun. and that woodint haiv bin so bad, but thay had fownd sum rotten appils in a trash can and thay used thim to throw at me. i no thim kids hadint had no fetchin up at hoam.

i mustuva staid in that thang fer severil ours, and finely sum fellir cum out of a howse and helpd me git out. that wuz fine exspt he give me a hard kick on the back of my lap jest as i wuz a crawlin out the dore.

paw whailed me, and maw she jest puckered up and cried, and sed she reckind she had faled to raze me rite. she sed she wuz shore i wuzent nuthin but a borned criminel.

hoapin you are the saim,
yores troolie
yore frend,
pete odle.

The Modern Trojan Horse

Writer Says Fatal Socialism Being Fed to Nation in Non-Lethal Doses

By Dr. Alfred P. Haake

Some of the ancients had an interesting way of killing off people so as to avoid suspicion of what they were doing. Instead of one lethal dose of poison, or a dagger through the heart, or a fatal clout over the head, they introduced poison, drop by drop, with no immediate visible effects, but resulting finally in the death of the victim. The poison was dropped in doses so small as not to be apparent in the delectable contents of the cup from which the victim drank.

That is what is happening to America, once the home of the brave and the land of the free, champion of righteous causes the world over, savior of civilization and absorber of bankruptcies elsewhere in the world—now slowly destroying herself with the double-barreled attack on socialist bankruptcy abroad while undermining the foundations of freedom and private enterprise at home.

No one in his right senses would accuse Harry Truman and his cohorts, the socialist-labor dictatorship of this country, of deliberately trying to destroy America.

But Harry Truman's wishful intentions and what he is actually doing, are two very different things. The poison that is being administered into the cup of political promises from which America drinks is no less lethal because Harry does still poison, and it is still destroying not know what he is doing. It is ng America. Thedeath potions administered with kindly ignorance are just as fatal as though they were administered with deliberate malice.

The product and self-consecrated disciple of one of the most practical and corrupt and vicious political machines ever known in our country, a blindly faithful follower of the political boss who facetiously made him a United States Senator, Harry Truman has never risen to the heights which enable a man to see past his immediate political interests, the minorities through which he can control the majorities, and the temporary benefits of legislative and political manipulation which so often cost far more than their immediate benefits.

Harry Truman is only a symbol or example of the kind of leader in public life who places party and personal power above the real interests of the people. He does not know enough of the long term forces to let such knowledge interfere that control the destinies of men, with his temporal and immediate Meantime, the poison continues to drip into the cup—the poison of something for nothing, let the government do it—more and more welfare for weaker and weaker people!

Under the guise of what is called the "Welfare State," the pleasant concoction that is poured into the cup for America, carries with it the inescapable poison of growing of federal paternalism for individual self-reliance of the responsibility and burden of his own support, which alone can keep him strong and fit to be free, and persuaded to accept instead the services of government which finally waste away his powers and abilities through disuse.

The final tragedy is that we pay for our own destruction. Every dollar that the federal government gives us in one form or another, subsidies and what have you, must finally cost the taxpayers two dollars or more out of future earnings. It is a bad buy to have government do wastefully what we can do much more economically for ourselves.

England is already learning that social medicine is costing the average family more for less efficient service. In industry after industry, production goes down as the government takes over and, if it were not for the charity of the United States, The English Socialist-Labor government would have fallen by now. We are actually helping to keep alive a socialist welfare government at the ultimate cost of destroying England as a nation.

And, when America, having dissipated her resources and sapped the vitality of her people, needs the kind of help we are now giving England, what country in all the world will do for us what we are doing for England socialists? We are the last of the countries able to give such help, and when our turn comes to ASK HELP there will be none left to give it.

Except perhaps Uncle Joe, with his sardonic grin, who can then take us into the family of slave nations worshipping the pagan bones of Karl Marx.

All For Etiquette

The young man called on his best girl and spent the evening. When he arrived there was not a cloud in the sky, so he carried no umbrella. At ten o'clock it was raining cats and dogs and the gutters overflowed.

"My, my, my," said the dear one, "if you go out in this storm you will catch your death of cold."

"I'm afraid I might," was the assenting answer.

"Well, I'll tell you what—stay all night; you can have Tom's room, since he's at college."

She flew upstairs to see that Tom's room was in order. In a little time she came down to announce that Tom's room was in order, but the young man was not in sight. In a few minutes he appeared, dripping wet and out of breath from running with a bundle under his arm.

"Why, Charlie, where have you been?" she cried.

"Been home after my pajamas," was the answer.

Peck Denounces Administration for Asinine Attacks on Big Businesses

By GEORGE PECK

Have we now arrived at a point where an economic fundamental that played a major role in America's climb to prosperity is to be thrown into the discard? "It would seem so, if the Administration is to have its way.

Competition has heretofore been the sparkplug of our Free Enterprise System. Individuals and corporations who produced a better item at a better price prospered, and in so doing, helped raise the standard of living of all the American people. The entrepreneur starting his little one-man business looked forward to the day when increased business would force him to take on an employee. That ambition having been achieved, his next goal was still bigger business so that he would have to put a second employee to work, then on to the third, the fourth, etc. Thus little businesses evolved into big businesses; more and more jobs were opened up; more and more wealth was created.

From these little business acorns came the mighty business oaks that in times of peace have contributed so much to the general welfare and times of war have furnished the material to enable us to prevail over our enemies. Little businesses grew bigger and bigger, not through hidden monopolistic practices, but in open competition, thereby increasing the demand for their product.

But now the Administration says this is all wrong, that efficiency shall no longer be rewarded, in fact, that outstanding exponents of efficiency shall be punished. Last Summer the United States Department of Justice filed suit against the duPont Company, General Motors Corp. and others, alleging violation of the Sherman and Clayton anti-trust laws. When the camouflage of trumped-up violations is removed, the real intent of the suit is revealed as an attack by the D. of J. against these companies simply because they are big.

At first blush this looked like smart politics—a gesture that would garner a lot of votes for the Fair Deal in the 1950 and 1952 elections. It is part and parcel of the Administration's demagogic crusade on behalf of what it terms the "Common Man." How I detest that term "Common Man"—in America every man is a king—it is only in totalitarian slave states that the "Common Man" is to be found.

The suit against these admittedly big companies is part of the general plot to beget envy and hatred in the minds of the American voters for all business. The Administration has never made secret its antipathy towards successful businessmen, whom it has frequently described as "Princes of Privilege." Not all successful businessmen are paragons of virtue. There are some of them who are not without sin, but most of them could more accurately be described as "Princes of Production."

It is my guess that the American people are not going to be hoodwinked by this assault on du Pont, General Motors and the other companies. If editorial expression reflects the opinion of the majority, and I believe it does, then the Administration is doomed for a rude awakening. Editors the country over have been practically unani-

mous in caustic comment regarding this unwarranted, nonsensical attack on corporations whose only crime is bigness—against corporations that have contributed and are contributing so much to the national welfare. If it has not already been done so, it should soon be done on the D. of J. that "business has a host of friends" the "little" people.

Then, this Fall adding injury and heaping asinities on the D. of J. entered suit against Great Atlantic and Pacific Company. What is the basis of suit? Believe it or not, the D. of J. charges that this grocery chain has been selling foodstuffs to the American housewife too cheaply, and this just cannot fathom. One is led to wonder what in the world has happened to the Administration's paternalistic concern for the wage earner when it attacks an organization that is giving the housewife a "break" on her foodstuff purchases.

Next week I'll have something further to say about this indictment of A. & P.

Veterans' News

J—I wish to purchase an automobile house trailer that I can use during my vacation. Will Veterans Administration guarantee a loan to the purchase?

A—No. Loans for pleasure purposes cannot be guaranteed or insured by Veterans Administration.

Q—I would like to change the beneficiary on my National Service Life Insurance without letting the old beneficiary know about it. May I do this?

A—Yes. A veteran may change the beneficiary or beneficiaries of his National Service Life Insurance at any time without their knowledge or consent.

Q—One of my arms was amputated because of injuries received while I was in the armed services during World War II. May I sell the type of artificial arm I was and the firm I want to buy it from?

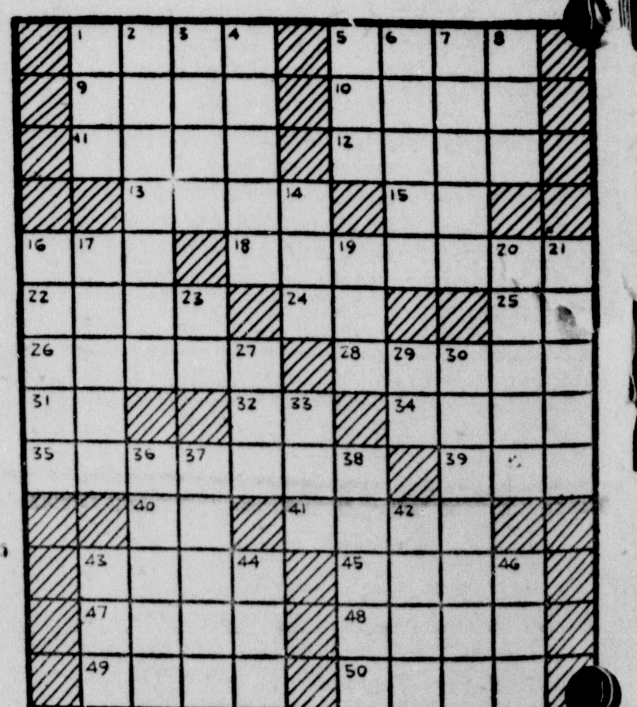

A—Yes, you will be permitted to select the artificial arm of your choice, but it must be purchased from an approved prosthetic appliance manufacturer under contract with Veterans Administration.

Q—To what benefits is a veteran with a yellow or blue discharge entitled?

A—A yellow discharge from the Army is dishonorable and the veteran is not entitled to Veterans Administration benefits. A yellow discharge from the Navy may be honorable or other than honorable. If the Navy discharge is honorable, the veteran is ineligible for benefits. If the Navy discharge was issued under conditions of dishonor, the veteran is entitled to file a claim and VA will determine whether discharge was issued honorably or other than honorable. The law applies to blue discharge.

Vets May Apply for Anson P. O. Position

Only applications from veterans will be considered in filling the position of janitor laborer at the Anson post office, it was announced this week by the United States Civil Service Commission. The job pays a starting salary of \$2,150 per year, and persons residing anywhere, if they are veterans, are eligible. No written examination will be required, but experience will be considered essential.

Full information may be obtained from Landon V. Davis, Jones County service officer, in Anson.

ON DEER HUNT

Laroy Stubbs left Thursday with friends from Knox City for the Davis Mountain area to hunt deer. They expect to be gone several days.

Mrs. Guy White, Nov. 1, medical; Mrs. Irwin Smith, Nov. 1, medical; Evagene Williams, Nov. medical; Frank Jackson, McCaulley, Nov. 1, medical; J. W. Perryman Jr., Nov. 2, medical.

Patients dismissed from the hospital during the past week were: Charlotte Wallace, Oct. 27; Abe Hester, Oct. 29; Peggy Agee, Oct. 28; Mrs. Aubrey Chandler, Oct. 28; Mrs. Guy White, Oct. 29; B. B. Colwell, Oct. 29.

L. Y. Moore, Oct. 29; Mrs. Lee Smart, Oct. 29; Mike Hartgraves, Oct. 30; Linda Keith, Oct. 31; Mrs. Clyde Castor, Nov. 1; M. E. Donica, Nov. 1 2; Betty Lunsford, Nov. 1; Inez Scott, Nov. 2; Louise May, Nov. 2; Mrs. Doyle McKennon and baby, Nov. 2; Mrs. Frank Velez, Nov. 2.

Mrs. Brown Reported On Convention Trip

Mrs. Cecil Brown gave a report of her recent trip to the Texas Home Demonstration meeting in Mineral Wells, when the Friendship Home Demonstration Club met last Friday. She was the Jones County delegate to the state meeting.

Members of the club voted to meet at the Ray Johnson farm Tuesday of this week to pull bolls. Money made that day will be put into the club treasury.

Visitors at Friday's meeting were Mrs. T. D. Lee, Mrs. Tom Carter and Mrs. E. H. Williams.

Members present were Mrs. H. E. Brown, Mrs. Roy Brown, Mrs. Jones Brown, Mrs. Jack Collins, Mrs. Bert Fomby, Mrs. M. F. Green, Mrs. J. E. Johnson, Mrs. M. S. Johnson, Mrs. Jap Kemp, Mrs. Ray Johnson, Mrs. Grady Smith, Mrs. Wood Smith and Mrs. Tom Gregory.

Christmas gifts will be made at the November 11 meeting.

Mr. and Mrs. J. B. Davis and daughter, Winna Mae, of Littlefield, accompanied by Mrs. C. R. Lively and son, Gearl, of Lubbock, visited Mr. and Mrs. L. B. Holden and other relatives in Hamlin last week end. Mrs. Davis is the former Agness Holden and Mrs. Lively is the former Nannie Stewart. Both formerly lived in Hamlin.

Anson Votes Approval Bonds for Hospital

Voters of Anson gave overwhelming approval to issuance of \$150,000 in bonds for construction of a city hospital, when they went to the polls last Friday.

A total of 362 votes were cast, of which 324 favored the bonds and 38 were opposed.

The bonds will be sold to provide funds for erection of a hospital, total cost of which will be \$225,000. The federal government will be expected to put up \$75,000 of the total cost.

Mr. and Mrs. Everett McMurry of Plainview were guests of Mr. and Mrs. Gene Richardson in Hamlin last week end.

Gas ranges

give you
all these
advantages

• **SIMULTANEOUS BAKING AND BROILING**—Dinner broils while cookies bake. Oven-above-the-broiler arrangement as illustrated above saves meal preparation time and fuel.

• **CIRCULATED FRESH AIR BAKING**—Breads, cakes and pastries bake uniformly, brown evenly without moving pans from one rack to another. Circulating heat does it. Gas alone has it.

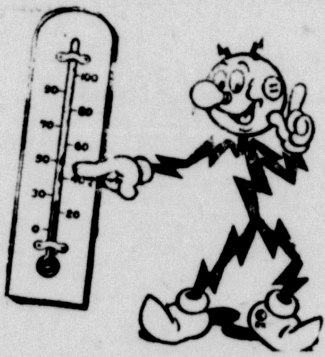

• **SMOKELESS BROILING**—Only the live gas flame instantly consumes greasy vapors produced in broiling.

• **THERE'S NO SUBSTITUTE** for flame cooking and gas is the magic flame for broiling, roasting, baking, frying, broiling and simmering.

New gas ranges cost less to buy; operate for one-fourth the cost of non-flame method; and require no expensive installation costs. During Old Stove Round-Up you can get a new gas range with the biggest trade-in allowance, the smallest down payment and easiest monthly payments in 10 years. See your Gas Range Dealer or Lone Star Gas Company today.

LONE STAR GAS COMPANY

It all Starts with the weather

If the weather didn't change, you could sleep in comfort all night with ordinary blankets...BUT, THE WEATHER DOES CHANGE, and that's why with ordinary blankets sometimes you wake up unbearably hot... sometimes you wake up cold and shivering.

Select your "Personal Zone" of
Sleeping Comfort...

With the General Electric Automatic Blanket, you can have the personal warmth you like best despite changes in the weather.

It's easy. Just set the dial on the bedside control to the warmth you desire. This "just-right" warmth is automatically maintained... regardless of temperature changes... all night long.

When you have determined your "personal comfort zone," you may leave the dial unchanged. Actually, the control need be set only once a season.

THE AUTOMATIC ELECTRIC BLANKET gives you perfect sleeping comfort. It automatically keeps you at the same cozy temperature all night long, your sleeping comfort no longer disturbed by the changeable whims of West Texas Weather.

With an Automatic Blanket you enjoy:

- Warmth Without Weight
- Just-Right Warmth All Night Long
- Eliminate Extra Bedding
- Prewarmed Bed
- Sleep All Winter in Summer-Weight Night Clothes
- G-E Automatic Blanket is Washable

For additional information concerning "sleeping comfort" see your local dealer or any West Texas Utilities Co. employee

BIG BEND NATIONAL PARK

By—Howard King, Author
Texas Tourist Travel Guide

From El Paso, the Rio Grande flows southeast for 200 miles; then turns south for nearly 100 miles; southeast again for about the same distance, then abruptly turns north and east. In this rampage it cuts an 18,000 square mile chunk out of Northern Mexico.

This rocky mountainous semi-arid country is called the Big Bend country because of the big "U" formed by the river. At the very lowest part of the bend is Big Bend National Park.

The Big Bend Park consists of about 1,000 square miles of dry, arid, rough, hot and dusty territory with lofty range of scenic mountains in the center. The Rio Grande River, which curves around it, tears through majestic canyons with towering rocky walls. Some people say the park is a terrible place. Others think it is the most beautiful imaginable. To say the least, it is strange and different.

At present, the Big Bend country is a wild, untamed area, hard to get to and without comforts. For an idea of the plan of it, lay your right hand, palm up, on the table in front of you. Consider the town of Marathon somewhere on your forearm as the starting place. It is 80 miles south from Marathon to the Chisos Basin, represented by the palm of your hand. Your thumb points toward the town of Terlingua; your forefinger points to the Santa Elena Canyon; your middle finger extends south to Mariscal Canyon; and your little finger points to Boquillas. You can drive to the park boundary and from there to the Basin, to Terlingua, to Santa Elena Canyon or to Boquillas. There is no road to Mariscal Canyon.

From Marathon it is 40 miles south to Cooper's Store in Persimmon Gap. From there you drive through Tornillo (pronounced Tornillo draw, past Rosillos (meaning nee-yah) Desert and across Terlingua and Christmas mountains. Ahead are the majestic Chisos (pronounced Chees-us) mountains 8,000 feet high. The word means ghosts and as your car pulls up and around the steep grades you see why. At 6,000 feet you pull over and down into the gorgeous basin where headquarters of the park are located.

It is cool here. The pine and fir trees are tall and beautiful. The

Can You See The
Flashing Green Light
In Stamford?

It's Over BUIE'S

view is breathtaking.

Pack trips may be made back into the mountains.

Remembering the analogy given, you come back from the palm of your hand and pass along the thumb to Terlingua outside the park. This trip is over bad roads, passable in dry weather, but scenic beyond description.

Terlingua is a mining town consisting of a great quicksilver mine, commissary, and a number of adobe houses. There are a few quaint roadside stores and big mines along this road.

The road to Santa Elena Canyon winds over mountains and past vast areas of great erosions resembling the Grand Canyon—hot, dry, colorful. This is the "loneliest road on earth" but finally see before you the great green and olive rocky wall called Mesa Angula. The river flows through a crack in the wall. This is the world-famous Santa Elena Canyon. The walls are more than 1,500 feet high but you see them from the bottom—not the top.

Mariscal, also a great canyon, is formed by a gap in the Mariscal mountains through the river flows for 12 miles. Its rapids are practically impassable.

Travelers along the road to Boquillas find the going rough and hot. Just before reaching the river, you come upon the hot springs where a tiny bath house is located. You can usually ride a burro across the river but a strong cable over the river furnishes a primitive trolley car for passage to the Mexican village of Boquillas, located at the mouth of Boquillas Canyon where the Rio Grande tears through the Del Carmen Mountains.

Yucca, sotol, creosote, cacti, and similar plants grow in these desert areas. Animal life is varied from the wild (peccary or javalina) in the foothills to Black bear, deer, mountain lion, etc., higher up. Along the Rio Grande are many beautiful birds.

Limited accommodations are available at headquarters in the Basin. There are a few cabins, restaurant, and filling station. Part of the highway from Marathon to the park has been surfaced and plans are being made to complete this. Gasoline may be obtained at Cooper's Store, park headquarters and occasionally at Terlingua. Higher Trend of Prices Offset by Sag in Other Southwest Markets

Higher prices for some farm products about balanced lower trends on others at Southwest markets during the past week, the United States Department of Agriculture's Production and Marketing Administration reported.

Most feedstuffs brought firm to higher prices. Light movement of hay to market met with slow demand at little change in price.

Egg prices fell about two cents a dozen during the week. Current receipts sold largely from 36 to 43 cents at Denver, and 43 to 45 at Dallas. Rehanded current receipts brought 50 to 53 at New Orleans. Spring chickens went up about two cents a pound. Growers in Northwest Arkansas received mostly 30 cents at the farm for broilers under three pounds. Dallas paid 31 to 32 cents for best shipped - in fryers. Other poultry held about steady. A few turkeys sold at near support level.

Slaughter hogs lost around \$1 on all classes at all markets. Feeder pigs fell \$1 at San Antonio but held steady elsewhere. Top butchers closed around \$17.50.

Week's trends on cattle and calves varied unevenly from \$1 lower to \$1 higher, with most changes within 50 cents up or down. Good and choice killing calves sold \$1 lower at Fort Worth and \$1 higher at Oklahoma City.

Except for sheep, last week's livestock receipts came close to the week before despite heavy rains in the Southwest early in the week.

Wholesale dressed pork lost \$2 to \$5 for the week at New York, while medium and lower grades of steer beef were weak to lower. Other meats were little changed.

ter is available at Cooper's Store, park headquarters and at a spring at the park entrance. There is a road from Alpine to Terlingua and on into the park. It is winding, narrow and not good in bad weather.

Mrs. Albritton Gives Party for Daughter

Mrs. Henry Albritton entertained with a party in her home Sunday in honor of the fifth birthday anniversary of her daughter, Dottie.

Cecilia Albritton and Reba Fay Roland assisted in serving refreshments and lead in the games.

Guests were Gloria Gould, Jackie Sue Russell, John Ferguson, Barry Moore and Britt Thurman of Anson.

Open House to Fete Golden Anniversary

Friends from all parts of Jones County have been invited to "open house" at the home of Mr. and Mrs. George Taylor, who live three miles northwest of Neinda, Sunday, November 6.

The occasion will be in celebration of the golden wedding anniversary of Mr. and Mrs. Taylor. Visitors will be received from 2 p. m. until 5.

What Now?

It was in a hotel dining room. The guest called out sharply, "Waiter!"

"Yes, sir."

"What's this?"

"It's your soup, sir."

"Yes, but what kind of soup?"

"It's bean soup," said the waiter with dignity.

"I'm asking what it's been: I'm asking what it is now."

The longest river in Africa is the Nile, 4,000 miles.

FORT WORTH'S NEW SUPER THOROUGHFARE

Opening of this super thoroughfare in September marked the first step in the completion of Fort Worth's \$30,000,000 double expressway program which will criss-cross the city with two of the finest arterial trafficways in America. Aimed at relieving one of its severest growing pains, traffic congestion, the superhighways will extend east and west and north and south across the city, intersecting near the downtown business district. The opening unit, two miles in length, is at the south end of the north-south expressway. It underpasses the railway bridge above and three street crossings, one of which is visible in the background. Structural steel for the four bridges was supplied by U. S. Steel's Virginia Bridge Co. General contractors for the initial section were Austin Road Co., Dallas, and Worth Construction Co., Fort Worth. Sub-contractor for the steel structures was F. M. Reeves & Sons, Austin. A second 3.4-mile unit under construction on the western leg of the east-west expressway is scheduled for opening early in 1951. Five major overpasses in this strip will be of steel, furnished by American Bridge Co., another U. S. Steel subsidiary. General contractors are Markham & Brown, Feeney-Crume & Co., Dallas; Austin Bridge Co., Dallas; and F. M. Reeves & Sons, Reeves is handling construction.

Let The Herald Do That Job Printing

Doctor Warns of Danger in Eating Too Rare Pork

"Please pass the pork" is a familiar sentence around many dinner tables these days, as cold weather approaches. A juicy roast pork or pork chops are dishes that can't be beat, according to many connoisseurs of meat. However, pork can be dangerous if it isn't cooked long enough. So, be sure that pork passes the test of thorough cooking before you put it on the table. Otherwise, trichinosis may result. Dr. Geo. W. Cox, state health officer, warned.

Trichinosis is a big word, but the disease is easy to prevent. All you need to do is cook the meat until the pink color turns to white. When the change of color occurs, the meat is safe to eat. Farmers who raise hogs for sale as meat, and who feed them garbage, should cook the garbage first, or the meat may become contaminated. If butchered pork is stored at a temperature of five degrees above zero, Fahrenheit, for 20 days, trichinosis parasites should die, if there are any.

If a person eats a pork chop, for example, that contains trichinae, they are swallowed in the form of tiny capsules. In the intestines these capsules develop and discharge minute worms which are carried by the bloodstream to various parts of the body... settling in muscles, where after a period of time they become calcified and die?

What are the symptoms of trichinosis? Stomach upsets and muscular pains, a feeling of chilliness, sore throat, and sometimes considerable fever, are some of the signs. An acute attack of the illness lasts about one or two weeks. The disease has a low death rate, but recovery is fairly slow.

Shakespeare, according to estimates, never made a continuous journey as far as a round trip from Boston to New York.

HAMLIN

IN CALLAN HOSPITAL.

Charlotte Donham of Hamlin recently underwent a surgical operation in Callan hospital, Rotan.

Mrs. J. B. Martin of Longview is a guest this week of her parents, Mr. and Mrs. Virgil Steele in Hamlin.

Mrs. Etta Stephenson returned to her home in Hamlin last Thursday after visiting her brother and sister-in-law, Dr. and Mrs. W. B. Glass in Fort Worth, and her sister, Mrs. F. W. Patterson, in Sulphur Springs. She also visited relatives in Mount Pleasant and Pittsburg.

Informal Coffee for Mary Martha Class

An informal coffee for members of the Mary Martha Sunday school class of the First Baptist Church was given at 10 last Wednesday morning in the home of Mrs. Weidman Johnson.

Mrs. A. G. Irwin opened the meeting with a prayer and Mrs. John Walton gave a devotional on the "Art of Living."

Hostesses for the occasion were Mrs. Henry Albritton, Mrs. B. E. Maddox and Mrs. Delbert Roundtree.

Those present were Mrs. F. N. Jenkins, Mrs. Edgar Duncan, Mrs. A. J. Irwin, Mrs. Onis Crawford, Mrs. Cecil Brown, Mrs. E. W. Gardner, Mrs. H. S. Stovall, Mrs. John Walton, Mrs. Albritton, Mrs. Roundtree, Mrs. Ed Decker, Mrs. Maddox, Mrs. O. R. Riddle and Mrs. Johnson.

Firemen's Auxiliary Met Last Thursday

Members of the women's auxiliary of the Hamlin Fire Department met in the fire station last Thursday evening with Mrs. Nute Stephens and Mrs. Bill Thompson as hostesses.

Plans for a Christmas banquet were deferred until the November 10 meeting. Mrs. Tom Vaughan and Mrs. Jack White will be hostesses at the meeting.

Those present were Mrs. John Edwards, Mrs. Sol Branscum, Mrs. L. J. Cunningham, Mrs. W. T. McGuire, Mrs. Stephens, Mrs. Thompson and Mrs. H. E. Lawson.

Room Mother Named For Freshmen Class

Room mothers were elected, and a class reporter was named in a business meeting of the Hamlin High School freshman class Wednesday afternoon.

Mrs. O. D. Roland and Mrs. Arnold Johnson were chosen for room mothers, and Miss Nona White was elected reporter. Two additional room mothers will be chosen later.

The class members discussed plans for a weiner roast to be held later this fall.

Mrs. W. C. Russell and Miss Lennie Greenway returned to Hamlin Sunday from San Francisco, where they had gone to attend the annual convention of American bank women. They went by plane.

WE REGRET ERROR

The Hamlin Herald regrets making an error in a name in last week's paper. A story concerning the death of H. A. Eckler, former resident here, listed his name as "Ecklin." The mistake was called to the attention of The Herald by a friend of the former resident. The Herald offers its apologies to all concerned.

Three Generations In Warner Reunion

Relatives representing three generations gathered in the home of Mr. and Mrs. J. W. Warner Sunday for a reunion.

In addition to the hosts, those present were Mr. and Mrs. Charles Guelett of Duncan, Okla., Mrs. Pauline Hawthorne and children of Oklahoma City, and Mr. and Mrs. W. E. Dennis of Hurley, N. M.

Burleson Says Banish All Enemies of U. S.

Speaking for himself and for the "millions of citizens of this country who will not take the time to communicate their feelings," Congressman Omar Burleson of Texas this week called upon Attorney John F. X. McGohey and Judge Harold S. Medina, in denying bond to the eleven communists recently convicted of conspiracies in New York.

Burleson expressed regret that the maximum imprisonment under the Smith Act was not severe enough and referred to the reference of Federal Judge Medina that if he could have imposed a greater sentence he would have done so.

"Since these conspirators are American citizens and not aliens, they cannot be deported," Burleson said. "Therefore," he continued, "it seems to me we should prepare a place for such traitors as these, 'Axis Sally' Gillars, 'Tokyo Rose,' and others who doubtless will be convicted in the future, outside the borders of this country—a place of exile for those who would destroy this nation which has been so good to them."

Burleson said he will consider introducing legislation in the congress when it reconvenes in January to designate an island in the Pacific where such prisoners can be sent.

Christmas cards were first used in the United States in 1874.

Moore WSCS Circle Met in Hackley Home

Members of the Moore Circle of Women's Society for Christian Service of the First Methodist Church met in the home of Mrs. A. A. Hackley Monday afternoon.

Mrs. T. T. Brady was leader of the program, assisted by members of the group. A short business session was conducted by Mrs. Hackley, circle chairman.

Pumpkin chiffon pie, miniature cheese pumpkins and hot coffee were served by the hostess.

Those present were Mrs. Ed. Bailey, Mrs. T. T. Brady, Mrs. Jim Mills, Mrs. J. F. Taylor, Mrs. D. O. Saults, Mrs. C. P. Yates, Miss Eleanor Temple, and the following visitors: Mrs. E. A. Cornelius and daughter, and Mrs. Dora May.

Camp Fire Girls in Memory Book Work

Members of the Hamlin Camp Fire Girls organization worked on their memory books when they met at the hut last Thursday afternoon.

Mrs. Ned Moore, leader, was in charge of the meeting and Mrs. Bert Pomby served refreshments.

Miss Kathleen Crawford, area executive, was a guest at the meeting, and taught the girls a milk dance.

Those present were Renee Moore, Sara Kay Pomby, Gwendolyn Brown, Jean Kidd, Kay Meason, Betty Teague, Lupe Lujan, Retna Sanders, Joy Fay Hames, Ida Carter, Sandra Stuart, Herlinda Mendoza and Babette Boyt.

Mr. and Mrs. Jim Cox of Elsinora, California are guests this week in the home of Mr. and Mrs. Clarence Bailey in Hamlin.

Mrs. Laroy Stubbs and son, Sammy spent several days this week in Olton as guests of relatives.

BANKER IS VISITOR

John Gilbert, assistant vice president of the Continental National Bank of Fort Worth, visited officials of the F&M National Bank in Hamlin last Thursday and Friday. He was a guest of Ted Russell Thursday night.

Debits of Vets to be Deducted in SLI Payments

More than a half million veterans are now owe the government money as a result of overpayments on subsistence allowances or other veterans' benefits or defaults on loans guaranteed by the Veterans Administration may find all or part of their share of the forthcoming dividend payment on National Service Life Insurance deducted to cover their debts, VA day.

It is estimated that somewhere between 20 and 30 million dollars of such debts may be collected from the NSLI dividends.

All of the individuals concerned are aware of their indebtedness to the government and know that it is deductible from other VA payments to which they may be entitled, agency said.

Some 600,000 veterans are currently indebted to VA for a total of about 70 million dollars. The bulk of this amount constitutes overpayments on subsistence allowances for veterans taking educational courses or training under the GI Bill.

Other types of indebtedness are overpayments on pension, compensation or readjustment allowances, and losses made good to lenders on defaulted GI loans.

A considerable number of veterans are now repaying indebtedness by having deductions from their monthly checks. When the overpayment is wiped out, as it may be by the dividend deductions, there will be no further monthly withholding.

New Pay Raises for Army Personnel Told

Sgt. Joe Harris of the local US Army and US Air Force announced today that the new service pay bill, effective 1 October, increases pay for the services in widely varying amounts ranging from \$5.00 per month for recruits with five months service, to \$300.00 or more a month for Generals and Admirals with over 30 years service.

Bonuses for enlisted personnel will be made on the basis of years to be served, rather than on the old theory of paying \$50.00 a year for past service. Reenlistment bonuses now range from a low of \$40

Future Homemakers In Week's Program

Texas FHA week was being observed by the Hamlin chapter of Future Homemakers of America, in a program that began Sunday morning. The group attended services in the First Baptist Church in body to open the week's activities.

Roses were planted Monday, and the members heard a program on "Marriage Customs, Past and Present," and "Marriage and Family Life Can be Improved," Tuesday. The program was given by Joy Maynard and Anita Johnson.

A style show, in which first and second year homemaking students were presented, was given Wednesday; a picnic was enjoyed Thursday, and they will observe "Courtesy Day," Friday. On this day members of the organization are pledged to assist their mothers with the home work.

Climax of the week's program will come Saturday when the girls will attend a meeting of Area 2, to be held in Jayton.

for two year enlistment to a high of \$360.00 for a six year reenlistment.

Any further information may be obtained from the local US Army and US Air Force Recruiting Station, located at Abilene, Texas.

CHAIN OF EVENTS

"So you are building a new house, eh? How are you getting along with it?"

"Fine. I've got the roof and the mortgage on it, and I expect to have the furnace and the sheriff in before fall."

Mighty Mice Win in Game With Stamford

Hamlin's Mighty Mice, junior high football team, nosed out the Stamford Bullpups in a game on Piper Field last Thursday evening.

The Mice had suffered defeat at the hands of the Anson juniors the preceding week, their first setback in numerous starts.

Billy Ray scored two touchdowns for Hamlin and Milton Butler was credited with the third. Butler plunged over for the extra point on each of Ray's touchdowns. A safety late in the fourth period gave the Mice small margin over the visitors.

Miss Peggy Agee, an employee at Celotex, left this week for her home in Nocona, where she will visit her parents, Mr. and Mrs. J. D. Agee, for three weeks. She was accompanied to Nocona by her mother.

Mr. and Mrs. Joe Culbertson attended the SMU-Texas State football game in Dallas Saturday.

Hiring of Trapper to Be Decided at Polls

The question of whether Jones County will employ a wolf trapper will be determined by county voters when they go to the polls next Tuesday.

Members of the County Commissioners' Court voted last week to put the question on ballot for decision of voters. The election date was set at the same time as election date on state questions, submitted by the last legislature.

Mr. and Mrs. Mark Bailey and son, Milton, of Odessa, and Mr. and Mrs. Ray Bailey of Abilene were guests in the home of Mr. and Mrs. Clarence Bailey last week-end.

Mr. and Mrs. S. E. Crawford of Stamford were guests of Mr. and Mrs. Onis Crawford in Hamlin Sunday.

Mrs. H. E. Wheeler and daughters Jane and Judy, of McAlester, Oklahoma, are guests in the home of Mrs. Wheeler's parents, Mr. and Mrs. R. Y. Barrow. Mrs. Wheeler and daughters will return to their home in McAlester Wednesday.

Mrs. W. L. Boyd left Tuesday for Lubbock where she will be a guest of her daughter, Mrs. Jack Hagelstein and Mr. Hagelstein.

"Together We Ride to Success"

TEXAS

Had RHEUMATISM So BAD That He Had To Quit Working

Mr. Jerry Watkins, chief of detectives of the city of Hot Springs, Arkansas, suffered with rheumatism so much and the aches and pains were so terrible that he had to quit working in an effort to regain his health after he had tried everything which his friends recommended.

Detective Watkins is well known and his countless number of friends throughout the country will rejoice to know that he is now healthy, free of rheumatic aches and pains and now working hard.

Mr. Jerry Watkins

"For several years," Mr. Watkins says, "I suffered from a rheumatic condition in the hip and leg. I was very nervous and finally developed migraine headaches. I tried all kinds of medicines but nothing seemed to do me any good. I seemed to be growing worse and worse and was finally advised to take a leave of absence from my work on the police force in an effort to recover my health."

"The pains in my head sometimes were unbearable. I suffered tortures and I was miserable. At night particularly I lay awake and could not sleep."

Mr. Watkins said that someone finally persuaded him to try HADACOL, and after taking the first bottle he said he could see an improvement in his general condition.

"On January 14th of this year," he said, "I felt so much better I decided to go back on the job. The examining doctor told me I was in perfect health. Now I am

working from 8 to 12 hours daily and I am able to sleep as any normal person. I have taken six large size bottles of HADACOL and all my friends know I owe my good health to HADACOL."

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorders.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life so miserable. Temporary relief for you is not enough. Take HADACOL.

Sold at all leading drugstores. Trial size only \$1.25, but save money: buy the large family economy size, only \$3.50. If your druggist does not handle HADACOL, order direct from The Le Blanc Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the c.o.d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

News From Our Neighbors

Events from nearby towns, taken from other papers.

STAMFORD—Solicitors for the Community Chest had turned in cash and pledges totaling \$10,014.47 prior to last Thursday noon. The drive will continue until quota for the chest is raised.

SNYDER—Registrations of Mexican Baptists at the annual Mexican Baptist Association here this week was near the 200 mark, as the churchmen conducted a 3-day convention, ending Sunday. Members of the Snyder Mexican Baptist Church were hosts to the visitors.

SNYDER—Cotton ginned in Scurry County from the 1949 crop reached a total of 23,750 bales prior to last Monday.

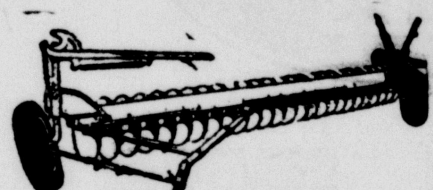

SNYDER—A branch store of the Republic Supply Company will be opened here Saturday, November 5. The Snyder outlet will be the 43rd store opened by the company.

SNYDER—Funeral services for Mrs. J. L. Breeden, 85, pioneer of Scurry County, were conducted last Saturday afternoon. Mrs. Breeden died in a Roscoe hospital last Thursday.

ANSON—Construction work on Anson's 44-room hotel got underway Tuesday, when a foreman and crew of workmen reported. The total will cost \$125,000 and will contain a modern coffee shop, together with space for two stores.

ANSON—Final rites for Dr. Ernest M. Wood, 72, were conducted last Friday afternoon. Dr. Wood died in his office last Thursday of a heart attack.

To Voters of JONES COUNTY:

The Wolf Hunters of Jones County should like to take this opportunity to state their side of the question as to whether or not the County should hire a government trapper to be paid out of local tax money collected from the tax-paying citizens of Jones County.

We are of the opinion that many of the citizens of the County are not aware of the fact that such an employee has been working for the County off and on for several years. Our investigation shows a number of details which we should like to present for your consideration.

For a twelve month period beginning September 1948 and ending September 1949 the County paid a total of \$1,863.96 for the services of this trapper, or a monthly salary of \$155.33. This was supplemented by an allotment from the State, still coming from the taxpayers mind you, to form a salary ranging from \$227.71 to \$264.95 per month. (This is taken from the County Files.)

During this period catches were reported as low as four coyotes per month, costing the County alone \$38.83 per coyote for that month. Bear in mind that all this expense, paid for by all the tax-payers of Jones County, is of doubtful value to a limited few. It occurs to us that the money could be spent to greater advantage in maintaining the roads of our county.

Too, the method used in trapping the wolves is not commonly known to the public. A cyanide load is attached to a bait in such a manner that the poisonous gas kills whatever disturbs the bait. This could be any livestock or even human beings.

If the coyotes are really a menace to the citizens of the County; if they destroy enough to justify organized action; wouldn't it be much simpler to place a small bounty on the coyotes, instead of hiring a trapper of doubtful value, and thus have an effective program of destroying them less expensively and less dangerously.

Keep these thoughts in mind when you vote November 8 and vote a trapper NOT be hired in Jones County to be paid out of County Funds.

No "Slight" Cases of Tuberculosis, All Cases Are Considered Dangerous

Years ago it was difficult to detect tuberculosis until the disease was in an advanced stage and visible signs, such as coughing, expectoration of blood, and noticeable loss of weight, had appeared.

While all stages of tuberculosis are serious, the patient whose disease is found early and treated promptly has the best chance of a relatively quick recovery.

Today, tuberculosis can be found in an early stage, when it is easiest to cure. One of the greatest aids in finding tuberculosis in the early stage is the chest X-ray, for the X-ray can detect tuberculosis before outward symptoms appear.

Some people are misled by a diagnosis of an early case of tuberculosis. They are too inclined to think of an "early case" as a "slight case" which can be lightly dismissed. On the contrary, tuberculosis is serious in all its stages and, if ignored or neglected, it may progress to a fatal stage.

Furthermore, tuberculosis can be spread by persons who have it even in an early stage. For his own protection, and that of his family and friends, the person who has received a diagnosis of tuberculosis should seek prompt treatment.

Fortunately, through increasingly widespread use of the X-ray, more cases are being found in the early stage than formerly. People know more about tuberculosis these days than they used to, and more of them are forming the excellent habit of regular physical examinations and chest X-rays.

Moreover, with an estimated 250,000 "unknown" cases of tuberculosis still to be found, tuberculosis associations and health departments in communities all over the nation are cooperatively conducting X-ray surveys of apparently healthy people. Since tuberculosis has no obvious symptoms in its early stages, many of these unknown cases are found and will continue to be healthy.

Mrs. Bristow Is Buried Monday; County Pioneer

Funeral services were conducted at 2:30 Monday afternoon for Mrs. V. L. Bristow, resident of Jones County for 54 years. Mrs. Bristow died at 1:30 Sunday morning in the Hamlin Memorial Hospital.

Rites were in the First Baptist Church with Rev. A. R. Posey, pastor in charge, assisted by Rev. Williams of Hodges.

Mrs. Bristow had been in ill health for several months, but her condition had not been considered critical until a few days ago, when she was taken to the hospital for treatment.

Born April 4, 1874, she moved to Jones County in 1894 and had been a resident of the Hamlin vicinity for many years.

She was a member of the First Baptist Church, and took an active interest in church affairs.

Mrs. Bristow is survived by her husband; three daughters, Mrs. I. B. Ray of Anson, Mrs. G. P. Harber of Abilene and Mrs. B. A. Ellison of Houston; and one son, Roy Bristow of San Angelo; 10 grand-children and six great-grandchildren.

Burial was in the East Cemetery, directed by Barrow Funeral Home.

STAMFORD PLANS PROGRAM.

Hart-Masters post of the American Legion, Stamford, will lead in observance of Armistice Day in that city, Elmer Jeapes, commander, said this week. A memorial program will be conducted at 11:00. Other activities of the day include a football game at 2:30, a supper at 7:00 o'clock, and a dance to close the day's entertainment.

Jerry Plunkett Was Lions Entertainer

Miss Jerry Plunkett, a featured singer with Plunkett Shows, entertained members of the Hamlin Lions Club with several vocal numbers at the Tuesday noon meeting. Her accompanist was Sam Block, also with the shows.

The Lions Club voted to sponsor part of the sale of tickets to the band concert to be given next Tuesday night by McMurry College band.

On Memorial Day the flag should be displayed at half mast from sunrise to noon and at full mast from noon to sunset.

The Rock of Gibraltar is about 250 feet taller than the Empire State Building.

Miss Maudie Beene Is Married to Eivens

Miss Maudie Beene became the bride of Billy Eivens in a single ring ceremony in the home of Rev. Dan Jones at 7:30 Tuesday evening. Rev. Jones read the vows.

Mrs. Eivens is the daughter of Mr. and Mrs. W. R. Beene of Hamlin. She attended local schools and was graduated from Hamlin High School in 1936. Since that time she has been employed in the Ideal Laundry.

Eivens is a resident of McCaulley, and attended school there. He is an enlisted man in the army, and stationed in Wyoming.

Mrs. Eivens plans to go to Wyoming to be with her husband about the first of the year, and following the end of his enlistment they will come to Hamlin to make their home.

Hamlin Births

To Mr. and Mrs. Doyle McKinnon, daughter, in Hamlin Memorial Hospital, October 30. She has been named Vickie Karen.

Shivers Designates CROP Week in State

Governor Allan Shivers this week signed a proclamation designating November 7 to 13 as state CROP week. Bill Lehnberg, county agent, said.

CROP is an organization, sponsored by both Catholic and Protestant churches to promote the sending of farm commodities to overseas needy persons. The name is taken

from initials of Christian Rural Overseas Program.

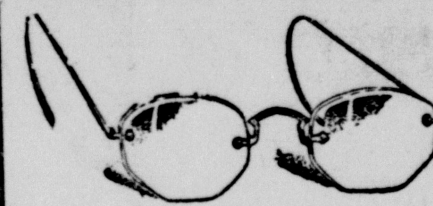

A meeting will be conducted in the Jones County courtroom in Anson at 2:30 Saturday afternoon for the purpose of discussing the program locally, Lehnberg said.

Glycerin is a product of animals.

FOWL TIP

Johnny at Poultry Show. "Let's stay until they let the animals out," Mother: "They don't let them out, Johnny."

Johnny: "Yes, Mother: last night Dad told me Bill that they would wait after the show and pick couple of chickens."

Students Get Out of School in 58 Seconds

Hamlin High School students marched out of the building in a record 58 seconds in a fire drill Tuesday afternoon, B. V. Newberry, principal, said this week.

Good time for evacuating the building would be 90 seconds, and school officials said Tuesday's record is unusual.

Presidents and vice presidents of the classes have been appointed fire marshals to see that everyone gets out of the building, and that all doors and windows are closed as soon as possible after the alarm is sounded.

-VOTE FOR-

"To Voters of Jones County"

On November 8th, 1949 Vote to Employ Government Trapper in County

HOW IT WORKS--

County Pays Two-thirds (2-3) of Trappers Salary.

Federal Government Pays One-third (1-3) Plus Equipment and Supervision Making It About A Fifty-Fifty Proposition

WHO IS BENEFITED

Everyone, if the services of Government Trapper is worth Ten thousand Dollars a year to the Farmers and Ranchers of Jones County. This gives them \$10,000 more dollars to buy the necessities of life.

"HOW IT BENEFITS"

- More Chickens to Sell
- More Eggs to Sell
- More Calves to Sell
- More Lambs to Sell
- More Turkeys to Sell

Not to mention the Game Birds, such as the Wild Turkey, the Quail and Dove that nestle on the ground. During the past four years the Government Trapper has destroyed more than seven hundred coyotes and bob cats, besides hundreds of fox and other rodents.

FOR

Government Trapper and more meat on Jones County tables.

If Coyotes are catching your chickens drop a card to--
